REACH conformity declaration

EU producers or importers of articles which contain substances on the SVHC list in a concentration above 0.1% (w/w) must provide sufficient information to their customers to allow safe use of the article as soon as the substances are included or, upon request, to a consumer within 45 days of the receipt of the request.

According to Article 7(2) (notification of substances in articles) EU and EEA producers or importers of articles must notify ECHA if their article contains a substance on the SVHC list. This obligation applies if the substance is present in those articles in quantities totaling over 1t/y per producer or importer, and if the substance is present in those articles above a concentration of 0.1% (w/w).

This is to certify that the products manufactured and distributed by MicroSolv Technology Corporation in North Carolina, USA does comply with the REACH regulations and do not contain or are manufactured with substances mentioned in the SVHC list.

All products in the table conform to the Directive (EU) 2015/863 amendment of the RoHS DIRECTIVE 2011/65/EU, Article 4(1): and do not contain any of the below-mentioned 10 Hazardous substances above the specified limits.	
Restricted substances	Maximum Threshold
