

Is there a Difference in the Properties of Different Colors of Rubber in Autosampler Vial Cap Septa - HPLC Primer

Date: 27-DECEMBER-2023 Last Updated: 27-OCTOBER-2025

Different colors do not always indicate a difference in the septa properties of vial cap septa.

Septa can have slightly different properties regardless of color but the differences will always be indicated in the product Description or the Additional Information on the product page.
