

Polypropylene Amber Autosampler Vials Color Change Advisory - Tech Information

Date: 29-APRIL-2015 Last Updated: 2-FEBRUARY-2026

The previous amber polypropylene autosampler vials (Catalog # [9502S-PP-AMBER](#)) have been discontinued due to material instability that resulted in unpredictable color changes.

They have been replaced with Catalog # 9502S-PP-AM. These updated vials may appear more opaque, which is normal and reflects improvements in material consistency and performance.
