

## Minimum Order Policy

*Date: 28-APRIL-2012 Last Updated: 13-FEBRUARY-2026*

### Minimum Order Requirements for MICROSOLV Purchases

To ensure efficient processing and fulfillment of orders, MICROSOLV maintains a low minimum order value for both domestic and international customers. These minimums apply to product totals after any discounts are applied and do not include shipping, taxes, or duty charges.

---

### Minimum Order Amounts

#### United States & Canada

- Minimum order value: \$35.00 USD
- Applies to all commercial, academic, and government accounts.
- Total is calculated after discounts, before shipping or tax.

#### International Orders (Outside the U.S. & Canada)

- Minimum order value: \$100.00 USD
  - Duty, import taxes, brokerage fees, and shipping charges are not counted toward the minimum.
  - Customers should confirm any applicable customs requirements before ordering.
- 

### Important Notes

- The order value used to meet the minimum is based on product subtotal after promotional discounts.
  - Shipping costs, taxes, duty, and handling fees do not contribute to minimum order thresholds.
  - Orders below the minimum amount will require adjustment before they can be processed.
- 

### Conclusion

MICROSOLV maintains low minimum order values to support both small-scale and high-volume laboratories worldwide. Ensuring that your order meets these minimum requirements helps us process and ship your products quickly and accurately.
