

The Vial Centrifuge

CE10-C0817-VE

Part No.

The Vial Centrifuge with 8 Position rotor for 2ml heavy wall vials, Includes 8 special adapters one pack of RSA-Pro X™ MRQ screw top vials with black, non-slit AQR™ Caps. (9512S-1DMP-PX). MicroSolv™

Additional Info

High Speed Centrifuge with a specially designed rotor and 8 adapters and cushions for **approved** glass MRQ™ (1.2ml) and Max Recovery (1.8ml) single piece, heavy wall autosampler vials. Includes one pack of [RSA-Pro X™](#) Hydrophobic, MRQ™ screw top vials with black, non-slit AQR™ high purity screw caps (9512S-1DMP-PX), and a wrench for tightening the rotor in the centrifuge.

The Vial Centrifuge offers 16,800xg with a unique air-flow system that keeps your samples cool. This unit features a large, touch panel screen for easy operation which controls and displays actual speed (in rpm or rcf) along with set and remaining spin times. Store up to 6 speed/time profiles in memory as the home screen displays a "mySpin" icon for instant recall. The mySpin™ button program recall makes it easy to get results fast.

The Vial Centrifuge is cold room safe.
